Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Tuesday 14 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Outbreaks of locally heavy rain, turning drier later.

Today:
An overcast start with outbreaks of rain, locally heavy, moving northwards across parts of the region through the morning and early afternoon. Gradually turning brighter and drier from the southwest through the afternoon, where it will feel warmest. Maximum temperature 20 deg C (68 deg F).

Tonight:
Mostly dry across the region through the evening with variable amounts of cloud. Overnight, becoming widely cloudy with perhaps the odd spot of drizzle. A mild night. Minimum temperature 13 deg C (55 deg F).

Wednesday:
Sunny spells emerging through the morning after a largely cloudy start. Spells of sunshine continuing into the afternoon, but perhaps with an isolated shower. Feeling pleasant in the sun. Maximum temperature 21 deg C (70 deg F).

Outlook for Thursday to Saturday:
Largely dry with sunny spells on Thursday. Increasing cloud during Friday followed by patchy outbreaks of rain. Variable cloud on Saturday with some showers. Remaining rather mild.
